Please choose one of the following:

- The domain should be transferred into another domain portfolio (see above „New domain owner/admin-c“) after the change of owner.
Please note: Depending on the configuration, the domain will be separated from the webspace in the previous portfolio. Any e-mail accounts associated to the domain including the account's complete current contents and settings will be assigned to the new owner. If this is not wanted, please delete all data before submitting this form.
- The domain should also remain in the previous domain portfolio after the change of owner. The master data of the portfolio will be adjusted according to the information provided by the new owner. Please list all domains in this portfolio. The transfer of individual domains of a portfolio is not possible.
Please note: This is only possible if one of the following applies (**please choose**):
 - Change in corporate name (please enclose full/actual excerpt of the register of companies)
 - Admin-c change (contact at organisations)
 - Change in name of private person (e.g. in case of marriage – please enclose copy of personal ID card)

A processing fee in the amount of 10,- € per domain will be incurred for changing ownership. The costs will be billed to the owner of the portfolio to which the domain is transferred.

As the current domain owner/admin-c of the aforementioned domain(s) I hereby assign all rights and duties with immediate effect to the new domain owner/admin-c.

As the new domain owner/admin-c I hereby confirm the take-over of the aforementioned domain(s) and agree to enter into a contract with united-domains AG. I accept the general business terms (viewable at <http://www.united-domains.de/agb/>) of united-domains AG and the domain directives of the respective domain allocation registry.
