Registration Agreement

Additional terms and conditions for the registration of .scot domain names.

The registration of these domains globally follows the prescribed set of terms and conditions specified by the Internet Corporation for Assigned Names and Numbers (ICANN) and Dot Scot Registry Limited being the authoritative registry. These rules are incorporated into the registration agreement as follows:

- 1. The .SCOT Top Level Domain (TLD) is a Community TLD. Therefore, its registrants must fulfill extra conditions. One of these conditions is a "Declaration of Usage" for the domain name. By default, united-domains AG will always enter a Usage Declaration of "Website" for each .SCOT domain name. If your intended usage differs from this, please contact your contracting service provider for your domain registration and united-domains AG will change your Declaration of Usage Statement. Registrants are required to state their intended use of the registered domain name. You should be aware, that a false statement of intended use is an indication of bad faith and can be the basis for the suspension of the domain name.
- 2. The registrant guarantees that neither the registration of the domain name nor the manner in which it is used infringes the legal rights of any third party or any applicable laws and regulations.
 - The registrant shall indemnify, defend and hold harmless to the maximum extent permitted by Law, his provider, united-domains AG, the Internet Corporation for Assigned Names and Numbers (ICANN), Dot Scot Registry Limited and their respective contractors, service providers, and the members, shareholders, directors, managers, each of their owners, officers, employees, affiliates and agents of each of them and all other persons involved in the registration process from and against any and all claims, damages, liabilities, costs and expenses, including reasonable attorney's fees and costs and any other expenses (including on appeal) arising out of or related to the registrant's domain name registration, including, without limitation, the use, registration, extension, renewal, deletion, and/or transfer thereof and/or the violation of any applicable terms or conditions governing the registration or the use of the domain.
- 3. All domains under these conditions are registered by united-domains AG as accredited registrar. Should a domain be registered incorrectly by united-domains AG or any other person involved in the registration process, e.g. not according to the order, registrant hereby irrevocably consents to all necessary measures being taken for the correction of such mistake. The Registrant is obliged to immediately correct changes that lead to the incorrectness of the disclosed data without delay, but at the latest within 7 days and is obliged to answer requests for review and correction of data within 15 days. Registrant acknowledges that a breach of this obligation entitles the united-domains AG and Dot Scot Registry Limited to block and/or delete the domain name.

For disputes over the rights to domains, a worldwide Uniform Domain Name Dispute Resolution Policy (UDRP) and Uniform Rapid Suspension System (URS) has been developed by ICANN and adopted by all accredited registrars. All domains subject to this agreement are governed by this UDRP and URS.
