Additional terms and conditions for the registration .NET domains

The registration of .NET domains globally follows the prescribed set of terms and conditions specified by the Internet Corporation for Assigned Names and Numbers (ICANN) and Verisign, Inc. (Verisign) being the authoritative registry. These rules are incorporated into the registration agreement as follows:

1. The registrant guarantees that neither the registration of the domain name nor the manner in which it is used infringes the legal rights of any third party or any applicable laws and regulations.
   The registrant shall indemnify, defend and hold harmless his provider, united-domains AG, the Internet Corporation for Assigned Names and Numbers (ICANN), Verisign, Inc. and its respective subcontractors, and their directors, officers, employees, agents, and affiliates from and against any and all claims, damages, liabilities, costs and expenses, including reasonable legal fees and expenses arising out of or relating to, for any reason whatsoever, the Registered Name Holder's domain name registration. This indemnification obligation shall survive the termination or expiration of the registration agreement.

2. All .NET domains under these conditions are registered by united-domains AG as accredited registrar. Should a domain be registered incorrectly by united-domains AG or any other person involved in the registration process, e.g. not according to the order, registrant hereby irrevocably consents to all necessary measures being taken for the correction of such mistake. Registrant agrees to immediately correct and update the registration information for the Registered Name during registration term for the Registered Name, failure to correct this information shall constitute a breach of this Agreement.

3. For disputes over the rights to domains, a worldwide Uniform Domain Name Dispute Resolution Policy (UDRP) has been developed by ICANN and adopted by all accredited registrars. All .NET domains are governed by this UDRP.

   Registrant hereby agrees that all disputes on the rights to .NET domains, especially arising out of trademarks, names or other intellectual property rights, shall be governed by the Uniform Domain Name Dispute Resolution Policy (UDRP) which can be found at www.icann.org/resources/pages/help/dndr/udrp-en and comply with the requirements set forth by Verisign, Inc. for domains registered during the Sunrise Period, including the mandatory Sunrise Dispute Resolution Policy.

The revised version will be posted at least thirty calendar days before it becomes effective under the URL: www.icann.org/udrp/
